WIN MOSES, JR. - MAYOR

Change Order No. 1

Resolution No. 377-80

Board Order No. 170-82

REQUEST AND JUSTIFICATION FOR CHANGE

1. Necessity for change: ITEM 1 & 2: Actual pipe measurements  
ITEM 7: Due to the type of sewage to be transmitted through this project sewer this department required vitrified clay pipe to prevent "break-ins" of the V.C.P.  
thereby weakening it. This department recommends that 6" tee's be placed for all properties, both occupied and vacant. ITEM 9: Unstable ground conditions caused the trench to widen making it necessary to cut back the existing pavement to attain support for new asphalt pavement.

2. Will proposed change alter size of the project? Yes X No \_\_\_\_\_  
If yes, explain

In cost only.

3. Affect on operation and maintenance cost of this project:  
Additional 10 tee's will make it unnecessary in future to cut sewer main to install tee's. Adequately supported new asphalt pavement will help insure pavement will not settle unequally.
